McManus Projects & Developments (MPD) are a residential property development company, whose principle aim is to assist its clients in adding value and space to their properties.

Whether your intention is to develop/refurbish, to maximise your returns pre-sale, or want to create space through property expansion, MPD is a company who can advise, design and construct. With our in house team, consisting of consultant architect, planning specialist, kitchen and bathroom designer,

project managers and tradesmen, we have quickly become the preferred contractor throughout some of London's most prestigious residential areas, by delivering London's most craved items.. value and space.

Our area of expertise in extensions, internal reconfiguration, refurbishment, paving and landscaping, are all subjects we our passionate about.

Please call or visit our web page to view how MPD can help you.
